

Photography Portfolio
Fifth and Sixth Grade Worksheet

Directions: Reflecting on the artwork you chose for your portfolio, write a 5 paragraph Artist Statement. In this composition you may want to explain the process of how you chose these particular photographs, provide the meaning behind your artwork, describe your favorite photographs, compare and contrast a few of your photographs, or anything else related to your portfolio. Use the space below to brainstorm ideas for your Artist Statement. Write your final composition on a separate piece of paper.
